LA NUIT OBSCURE

pour percussion et ensemble de chambre

(2 clarinettes en Sib, 2 saxophones alto en Mib, tuba, accordéon, violon, alto, violoncelle)

Motto: "Et vidi de mari bestiam ascendentem..."
(Apocalypse Ioannis 13,1)

- partition générale : pages 1-2

- module autonome (percussion solo) : pages 3-6

NB - L'évolution sonore implique la superposition de 2 structures disjointes : le module autonome (modulo autonomo) de la percussion solo (ayant un caractère démoniaque, violent, "offensif" vers la destruction) et le continuum infini, transcendental de "l'harmonie des sphères" suggérée par le choral de l'ensemble.

Les points de synchronisation de ces 2 structures sont :

[I] ("naissance" du Module autonome), [II], [III], [IV], [V] (= auto-destruction du Module autonome).

La durée du Module est ~6'12". La durée totale de l'œuvre est ~7'10".

Avant et après le Module (donc avant et après les points [I] et [V]) le percussioniste reste immobile (comme une statue).

Disposition possible de l'ensemble :

(la percussion en avant-scène et en pleine lumière;

les autres instrumentistes en semi-cercle et en pénombre).

Cette disposition n'est pas obligatoire; on pourra réaliser aussi des autres dispositions, selon la conception des interprètes.
