ILLVSTRISSIMO PRINCIPI AC DOMINO, DO-  
mino LVDOVICO, Duci Vvirtembergico & Teccen-  
si, Comiti Mompelgartenli, &c. Do-  
mino suo Clemen-  
tissimo.

I olim Heroum facta præstantia, eorumq; victoria, non carminibus modo, sed etiam Musico concentu sunt celebrata: quanto æquius est, vt eximium Dei Donum, Musicen, ad eum vsum referamus, vt victoriam Redemptoris nostri, Filij Dei et hominis, suauis harmonico concentu celebremus atq; decantemus, præsertim cum Saluator Iesus Christus nostra causa Monomachiam illam cum Sathana susceperit, atq; in passione sua fortissime simul & foelicissime pro nostra salute depugnauerit, & patiendo in cruce, Diabolum, mortem, & infernum gloriose superarit, atq; expugnauerit. Quare commendatione mihi digni videntur periti quidam mulici, qui etiam ante hæc tempora Historiam dominicæ Passionis suauis concentu p̄s animis infigere studuerunt. In quorum tamen compositionibus, aliàs artificiosis, hoc fortasse desiderari possit, quod illi (credo breuitatis gratia) particulas quasdam hinc inde ex historia Passionis excerptas, musicis numeris complecti voluere. Itaq; cum mihi opera cuiusdamp̄i & Docti Viri collecta historia Passionis, ex Euangelistis, præcipue vero Ioanne, contigisset, petereturq; ab ipso & alijs, vt compositione harmonica præclaram illam historiam Ecclesiæ commendarem. Volui pro virili in ea elaborare, vt omnium maximum cognitu necessaria, & pio homini dulcissimæ historię (de redemptione generis humani) harmoniam decentem & suauem accommodarem. Tuæ autem Celsitudini hunc meum, quamuis tenuem laborem, ea de causa potissimum iudicavi dedicandum, quod Celsitudo tua non modo singulari naturæ inclinatione Musicæ artificium & suauitatem admiratur, atq; pro sua eruditione & ingenij eximia dexteritate recte de ea re iudicare potest, sed quod videam quotidie, Celsitudinem tuam in primis sacra Musica (quæ non tantum suauis concentu, sed etiam p̄s & salutaribus materijs constet) vehementer delectari, ta!emq; Musicam Prophanis compositionibus longè præferre: itaq; propter sacratissimæ materiæ dignitatem, etiam meam hanc com-

positionem (quam Celsitudo tua cum approbatione in lacris tuis clementer audiuit) non ingrati fore, planè confido. Vt autem editio tanto maiori vsuisset in Ecclesia, atq; dignitati materiae quodammodo etiam splendor æditionis responderet, curavi Pafsionis hanc historiam imprimi in maiori forma, qua in Principum Choris vti solent: et quidem ihs elegantissimis Characteribus, quos magnis sumptibus Illustrissimus Princeps ac Dominus, Dominus Vvilhelmus, Comes Palatinus Rheni, vtriusq; Bauariæ Dux, &c. Dominus meus clementissimus, liberalissimè in vsum sacrarum Cantionum fieri curauit: quæ formularum elegantia & industria non sine magna admiratione visitur. Volui autem prædictam meam opellam sub Celsitudini tuæ nomine in lucem prodire, non quod meam qualemcunq; industriam cæteris ante ponam: sed vt animi mei gratitudinem, pro singulari Tuæ Celsit: in me clementia, multisq; eximijs beneficijs, hac mea voluntate & promptitudine, declararem. Ac spero me hac opera etiam alijs inseruissse, qui sacris Cantionibus & harmonia, quæ materiam subiectam deceat, gaudent.

Oro igitur humilimè, vt tua Celsitudo hoc munusculum solita humanitate & clementia sereno vultu suscipere, meq; deditissimum Tuæ Celsit: seruuulum consueto fauore porro etiam complecti velit. Dominus Deus Optimus Maximus Tuam Celsitudinem ad nominis sui gloriam atq; Ecclesiæ & Reipublicæ solatium in multos annos florentem conseruet. Amen.

Tuæ Celsitudinis

obsequentissimus

Ludouicus Dafer, Musici  
Chori Magister.
