

**SOLOS FOR TREBLE INSTRUMENT
ESPECIALLY SOPRANO RECORDER**

COLLECTION 12
WESTERN EUROPEAN MELODIES

Arranged/composed by Clark Kimberling

Here you'll find lots of sheet music. For ***all but four*** of the solos, you may make unlimited copies, with only two restrictions: always include

- the attribution to arranger/composer (top of page)
- the copyright notice (bottom of page).

The four ***exceptions*** are Giga (Sonata in G Minor), Gigue, Passe-Pied, and Rondeau. You may make copies of these four for you own use only, or else obtain permission from A-R Editions, Madison, Wisconsin. (For details, see the notes at the bottom of the sheets for the four solos.)

Collection 12 consists of 200 solos, of which the first 120 are arrangements of Western European melodies and the remaining 80 are compositions in styles not inconsistent with characteristics of Western European melody.

The solos are **arrangements**. Each occupies exactly 1 or 2 pages, exploits the amazing capabilities of the soprano recorder, and also plays well on violin, flute, clarinet, and other instruments. Many of the arrangements include newly composed contrasting segments, especially in cases of very short originals. The arrangements also develop melodies through upward transpositions, ornamentations, and additions of note not found in the original melodies. To locate original versions, use Historical Notes 12 and Google.

For a list of all 200 solos, consult **Historical Notes 12**, which includes Internet links and provides access to all 12 collections in this series:

- Collection 1: African-American and Jamaican Melodies**
- Collection 2: Christmas Carols**
